SKILLS

- **Full Stack Web Development (MongoDB, Next.js, Nodejs, JavaScript)**
- **Backend & CMS.**
- **Payment Integration.**
- **Frontend Development & Responsive Design**
- **Problem-Solving & Analytical Thinking**
- **Strong Communication & Collaboration**

PROFILE

I am a qualified and professional web developer with extensive experience in building modern web applications, including full-stack projects with Nextjs, Nodejs and modern technologies. Skilled in designing elegant UI/UX, managing databases, and implementing scalable solutions. Strong problem-solving skills and a team player with attention to detail.

EXPERIENCE

- **E-commerce Store (Sanity + Stripe) – Fully functional, product management, checkout flow, payment integration.**
- **Portfolio Website – Clean UI/UX, responsive layout, modern design, deployed on Vercel.**
- **Leafy Garden App – React frontend, interactive UI, Figma-based design implementation.**
